# ISOTONIC

SPORTDRINK

FRUIT MIX

BEFORE DURING AFTER

## QUICK INFO

- ☒ LACTOSE FREE
- ☒ GLUTEN FREE
- ☐ ACID FREE
- ☒ NO SWEETENERS
- ☒ NO ARTIFICIAL COLOURS
- ☒ NO PRESERVATIVES

**ISOTONIC DRINK POWDER WITH CARBOHYDRATES AND ELECTROLYTES, FRUIT MIX FLAVOURED.**

## PRODUCT DESCRIPTION

SPONSER Isotonic contains a wide carbohydrate spectrum, based on glucose, sucrose, fructose, maltodextrin, isomaltulose and trehalose. The proportion of carbohydrate with low glycemic index supports the athletes during long lasting activities.

Carbohydrate electrolyte solutions contribute to maintenance of the endurance performance and improve the liquid intake during the activity.

### Sugar spectrum

polysaccharide + fructose	60%
disaccharide	10%
monosaccharide	30%

## ADVANTAGES

- **Multi Carb Formula**
- **With isomaltulose and trehalose – kinds of sugar with low glycemic index**
- **Enriched with minerals**
- **No artificial colourings and sweeteners**

## UTILISATION

Sports drink to take during physical activities.
