# PRE WORKOUT BOOSTER

CASSIS – BLACK CURRANT

## QUICK INFO

- LACTOSE FREE
- GLUTEN FREE
- ACID FREE
- NO SWEETENERS
- NO ARTIFICIAL COLOURS
- NO PRESERVATIVES

## PRODUCT DESCRIPTION

PRE-WORKOUT BOOSTER is typically used in strength sports for intense and effective workouts. The formulation contains the branded hydrolysed whey protein isolate CFM Nitro®, combined with 7 plant ex-tracts, 3 amino acids and taurine. The nutritional yeast contains nucleotides, the primary building blocks of all cells. Caffeine helps to improve concentration and performance, choline supports normal fat metabo-lism. Zinc contributes to normal DNA synthesis and the maintenance of normal testosterone levels in the blood. Pantothenic acid supports normal synthesis and metabolism of steroid hormones and some neuro-transmitters. Folic acid contributes to normal amino acid synthesis.

Fiit-ns® is a patented plant extract of grapefruit, grape, guarana, green tea and black carrot. The extract is rich in polyphenols and standardised in EGCG-katechins

Vinitrox® standardised polythanol extract based on grape and apple. Increases nitric oxide (NO)-production and therefore provides more pump.

CFM Nitro® is a patented whey protein hydrolysate with effects on the NO-formation.

## ADVANTAGES

- **NO-Pump thanks to multi-mechanism-complex**
- **Boost effect and increased concentration caused by caffeine and plant extracts**
- **Zinc to maintain normale DNA synthesis and testosterone levels**

## UTILISATION

Dissolve 1 bulging scoop with approx. 200 ml water. Take prior to your workout.

Increased caffeine content (50 mg/100 ml drink). Not recommended for children, pregnant women and caffeine sensitive persons. Does not substitute for a varied and balanced diet. Do not exceed recommended daily intake, keep out of reach of children. As part of a varied and balanced diet and a healthy lifestyle.
